ADDITIONAL PROGRAM INFORMATION

In this workshop, participants will gain an understanding of:

- the definition and characteristics of dyslexia
- the importance of assessing cognitive and linguistic processes, including phonological awareness, orthographic coding, processing speed, and rapid automatized naming
- the phases of development of basic reading and spelling skills
- the implementation of differentiated and evidence-based instructional methodologies for addressing problems in phonological awareness, decoding, reading rate, and spelling

BIOGRAPHY OF DR. NANCY MATHER

Wolcott is pleased to welcome back Dr. Nancy Mather, a nationally recognized expert in the field of assessment and learning disabilities. Dr. Mather is a Professor of Special Education at the University of Arizona and a co-author of the Woodcock-Johnson IV. Her most recent books include

- Essentials of dyslexia: Assessment and intervention (Mather & Wendling, 2012)
- Essentials of WJ IV Tests of Achievement (Mather & Wendling, 2015)
- Learning disabilities and challenging behaviors: A guide to intervention and classroom management (Mather, Goldstein, & Eklund, 2015)

The James Tyree Center provides outreach programming on adolescent development, educational practices, and learning differences.
