HOTEL ARRANGEMENTS: New York Hilton Midtown, 1335 Avenue of the Americas (6th Avenue), New York, NY 10019. Special discounted rate of \$359 per night, plus applicable taxes. Phone for reservations: 212/586-7000 before **October 14th** to make your hotel reservation. After October 14th, guest rooms will be accepted on a space/rate availability basis only. Be sure to inform the hotel that you will be attending the ADSC Drilled Shaft Seminar to receive this rate. We have a limited number rooms for November 6 & 7 at the special rate. Please make your own hotel reservations early.

In recognition that an increasing number of professional engineering licensing bodies require members to pursue professional development on a formal basis, ADSC Northeast Chapter will provide a Certificate of Participation for this event. This certificate is accepted by most state professional engineering licensing bodies as documentation of your pursuit of continuing education requirements. Some states may not accept the general ADSC Northeast Chapter Certificate. It is the responsibility of the individual to determine if ADSC Northeast Chapter certification is accepted by their licensing body. ***New York:** Approved New York State Professional Development Hours are sought for the ADSC Northeast Chapter programs and approval is pending by the NYS Review Board. Individuals requiring NYS approved hours must follow the guidelines and procedures requested by the program administrators in order to qualify. This procedure typically includes the need to sign in and out at the registration table in order to provide proof of your full attendance of the program. This procedure is subject to change based on NYS requirements.

For “out-of-towners”, the Radio City Christmas Spectacular starts on Friday, 8 November 2013. Go online at www.radiocity.com for info. If you have not seen it, I highly recommend it, and it is only a very short walk from the Hilton.

Substitutions: May be made up to Thursday October 24th. No refunds after October 24th.

For more information: Contact John Roma at 781/281-2798 or email john.roma@skanska.com
