Course Highlights

Authentic experience

Ample learning opportunities

Class instruction, textbook with examples, supplemental materials, and an intensive review session the week before the scheduled test.

Guided practice

Problem solving concepts and test taking strategies in reading, English, math and science taught by Lake Park faculty.

Timing

Course ends prior to the April 9th ACT Test

Testimonials

"The Lake Park ACT program helped me tremendously. It taught me how to pace myself, and also taught me numerous tips that helped me do well on the test. After finishing the program, I improved four points which made a huge difference in the type of colleges I could apply to and have a reasonable chance of being accepted."
Maddie Collins - Student

"I am thankful for the opportunity to enroll both of my daughters in the Lake Park ACT program. One took the class this past year while the other took the class 4 years ago. Both increased their scores significantly allowing them the opportunity to apply to more selective schools. In addition, the skills learned in the program have helped each of them with their test taking abilities in the classroom."
Rose Collins - Parent

ACT PREPARATION

Today's student is finding the college admission and scholarship process highly competitive. One of the most important factors in his or her career could be acceptance into the university of his or her choice. Colleges primarily use the scores from the American College Testing Program (ACT) to select applicants and award scholarships. We strongly suggest students register for and take the April 9th ACT.

The Lake Park ACT preparatory course for high school students is designed to develop the skills to improve ACT scores. In addition to English, science, reading and mathematics preparation, the course emphasizes test-taking strategies and techniques as well as using retired tests to continually measure progress and mastery of skills. Students will gain exposure to ACT testing situations, practice and remediation, and explanations on ACT style correct questions and types of answers meant to distract from the correct response.

We offer two different opportunities to better meet our students' needs. The first choice is an **8 session** course offered on **Saturday mornings**. The other choice is an **18 session** course offered on **Tuesdays and Thursdays after school**. These programs are designed the same way, just providing 2 different time periods to better meet students' needs. Once one choice is selected, that choice will remain throughout the course; you can attend a make-up or switch a session only 1 time per year. The registration cost before December 18th is \$190 and after December 18th is \$210. **Registration deadline is Monday, January 4, 2016.**

Choice 1 – Saturday Mornings

Saturday, January 9

8:00 a.m. - 11:30 a.m. - First Class

Saturday, January 16

8:00 a.m. - 11:30 a.m. - Second Class
