PTSA Students - The "S" Stands for STUDENTS!

The EPMS PTSA is starting our PTSA student program this year. We really want to incorporate the student members into our PTSA this year. Our goal is to incorporate students in PTSA events in as many ways as we can, such as decoration, promotions, putting up posters, selling tickets, selling concessions. Friday, Sept. 18th was our first PTSA Students meeting. We let the students choose their favorite committees. We are a P T "S" A and we really want to give our students the advantages of being a part of a PTA. These advantages include helping our community, growing leadership skills, learning how to work as a team etc. Plus, we hope they will have some fun along the way. If your student you like to join PTSA, it's not too late! Contact Amy Arnett at amykarnett@gmail.com
