

**Items Being Collected for Atlanta Humane Society:  
March 16-April 3  
Mrs. Okiyama's Class D110**

The items below are always needed at the Atlanta Humane Society and can be donated any time we are open. **THANK YOU!**

- **Milk Bone Dog Biscuits:** MEDIUM, SMALL or MINI size only, please! Volunteers use them to train the dogs and cannot break the big ones
- **Other crunchy dog biscuits:** we will also accept small, crunchy biscuit-type dog treats of known brands (Wellness, Dogswell, Zuke's, Buddy Biscuits, Purina, Petsmart Authority, etc) as long as they are smallish

**NOTE: due to safety issues, we do not accept rawhide in any form, or Greenies. Dogs can break off large sections during chewing and are at risk of choking or becoming obstructed!** We do not use, sell or recommend these products.

- **Newspapers:** For shredding to put in puppy cages, admissions kennels, and puppy suites (this is a huge need—hook us up!)
- **Bleach:** We use bleach for some of our cleaning; any brand is fine
- **Dog Bowls:** We use the small, stainless steel ones (2 cup size)
- **Hole-free plastic bags:** Grocery, newspaper, or other types of smaller bags are perfect for picking up doggy droppings in our outdoor areas. Please check for holes before donating! (the holey ones can go back to the grocery store for recycling)
- **KONG® toys for Dogs:** The original “beehive” shape, in red (“Classic”) or black (“Extreme”), in sizes X-Large, or XXL only; anything smaller (or of a different shape) gets caught in the drains (KONGS are the only dog toys we can safely allow our in-house dogs to have in their kennels)
- **Laundry Detergent:** Detergents that get odor and germs out are the best
- **Paper Rolls:** Empty paper towel and toilet paper rolls are needed for puppies, cats and kitten toys (they're disposable and safe)
- **Housetraining pads:** For our foster parents to use
- **Ink Pens** for filling out applications
- **Paper Towels**
- **Plain White Envelopes** (Standard No. 10)
- **Sharpie Markers** (Fine Point/Ultra Fine Point)
- **Trash bags:** 45 gallon or larger
- **Towels:** Old bath towels and hand towels to make beds for sick or injured animals, to help them feel safe and warm, and for drying off after baths

My son, Quentin, and our new puppy, Raven.
