TRAINING · COMPLIANCE · CONNECTIVITY

You know technology can help make your team
more efficient and informed. But picking the right software
solution for your organization may seem overwhelming.

NOW SEAGATE ALLIANCE HAS DONE THE WORK FOR YOU.

AS A SEAGATE ALLIANCE MEMBER, you have access to iTacit Healthcare's workforce automation software.

- iTacit prepares employees with training and tools to meet standards—improving compliance and quality ratings

- iTacit unifies a disconnected workforce around a shared platform – connecting employees with company culture and management expectations

- iTacit conforms to your technical needs and abilities, not the other way around. Our technology adds the power of automation to any workplace without turning that workplace upside down.

- iTacit was designed by professionals deeply rooted in healthcare

- iTacit doesn't stop supporting you after the sale. We provide ongoing guidance and support when you need help today, tomorrow, and in the future.

From day one, iTacit helps healthcare managers build the most capable workforce possible. Our compliance, training and connectivity software is the right size, right fit and right price for your healthcare organization. We automate essential functions so your team can spend time providing better care.
