

GROUPBUY

Orthopedic Power Tools and Accessories

Contract number: GB-OR-1016B

Supplier: Brasseler USA Medical, LLC

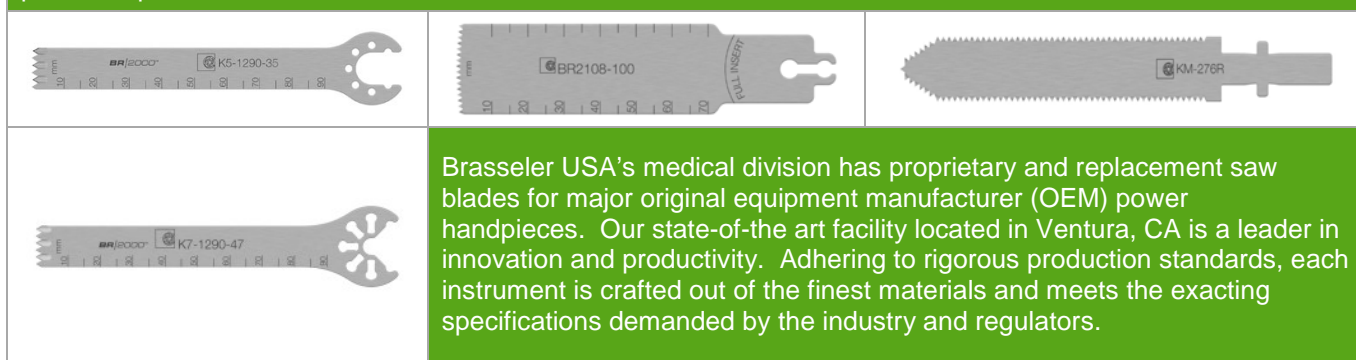

Exceptional value

Premier is pleased to announce a group buy with [Brasseler USA Medical, LLC](#) from October 19, 2015, through December 31, 2015. This opportunity offers significant savings on orthopedic power tools and accessories. Members can **save up to 17 percent** off top contract pricing, but only for a limited time!

Product details

Common orthopedic power tools include drill systems, bone saws and burs. Drill systems are classified into small bone, large bone and high-speed capabilities. These systems can include a variety of attachments or they can be a dedicated system with no alternate attachments. Power tool considerations include battery, pneumatic or electric power, speed, torque, debris channeling, weight, and design ergonomics. Improved technologies provide protection of soft tissue, reduced vibration, decreased noise, decreased amount of debris and increased speed for improved cutting performance.

Product images are a representation of products included in this category. For a complete list of contracted products, please see Schedule 1 Price List for more details.
