

Call To Action

On Tuesday, April 21, the City of Naperville will vote on a resolution supporting the repeal of prevailing wage, creating right to work zones, and diluting collective bargaining rights.

According to the Illinois Economic Policy Institute, if half of the Illinois counties became right to work zones:

- Total labor income would fall by \$1.3 billion;
- The Illinois economy would shrink by \$1.5 billion;
- State and local tax revenues would be reduced by \$80 million;
- Racial-income and gender-income inequality both would increase; and
- Worker injuries and fatalities would drastically increase.

Your voice matters and needs to be heard by these elected officials, who are supposed to represent the best interests of their citizens.

Please attend the meeting of the Naperville City Council:

Tuesday, April 21, 2015
7:00 p.m.
Naperville City Hall
400 S. Eagle Street
Naperville, IL 60540

If you plan to speak, please arrive 15-20 minutes early to sign up.
The agenda item is N-2.
