

Hurricane II™ DMX Fan

Blow fog, haze, snow, wind to 150 feet (46 m)! Tilt 300 degrees, swivel 360 degrees. Three speeds so smooth, you'll think it's a variable speed fan! Three seconds to top speed. Blow massive volumes of air without motor hum. Continuous output without overheating. Lightweight, portable, and economical. The Hurricane II is a full hp (.75 kw) and can blow to 150 feet (46m). DMX on/off and speed controlled. Accessories: Custom cheeseborough with baby spud and road case. Note: No comparable fan can boast the positioning capability of this fan. Hurricane II fans are available in the Floor Model, with or without DMX, or Hanging versions with or without DMX. Hanging apparatus and stand manufactured in the USA by CITC.
