

Cover Crops 101

Thursday, March 24th

9:00–12:00, doors open at 8:30

Boone County 4-H Fairgrounds Annex Bldg.

1300 E 100 S, Lebanon, IN

Cost: Free

Topics include:

- Cover Crop Benefits.
- Effectively managing for cover crops.
- Cover crop field plot tour — five different cover crop combinations. NRCS staff will discuss the plots and use soil pits to examine the soil health and soil quality effects.
- Wrap up discussions at the Annex Building.

Learn how to successfully use cover crops as a component of a competitive, comprehensive cropping system!

We will spend much of our time outside—please dress appropriately
