

FACS Students Participate in Varied Learning Experiences

Students enrolled in the Family and Consumer Sciences program at KDS learn many practical skills - everything from cooking, to sewing, to childcare, to household management, to architecture. But while these students are learning, they are also participating in community service projects and having fun.

Take a look below at some of the fun things going on in the "Home Ec" department.....

Quilts for KDS!

It is said that 'Good friends are like quilts, they never lose their warmth'. Good friends from the Fort San Luis Chapter in Tallahassee, Florida, made a visit to KDS to share their love of quilting with students in Art and Family and Consumer Sciences classes. Students learned about the history of quilting, how to piece a quilt, and how to make a quilt from tee-shirts! In addition, chapter members donated handmade quilts and warm blankets to the school. The chapter enjoyed a tour of the school and lunch with students. It was a wonderful day with the ladies of Fort San Luis!

Prom in October! Young ladies in the Fashion Class model prom dresses donated by Stacy Kehoe of the Judge David Campbell Chapter DAR, Chattanooga, Tennessee, and Florida Daughter, Rachel Michel.

Food and Nutrition students show off their culinary skills during Dedication Day by creating special themed cupcakes.

Photo left - majestic eagles which are the symbol of President General Lynn Forney Young.

Photo below - hydrangeas are the symbol of Alabama State Regent Nancy Folk.
