New York State 2016 HIV **Cure** Symposium: Connecting Research to Clinical Practice

Monday, June 20, 2016

9:00 am – 5:45 pm

New York University Kimmel Center

60 Washington Square South

New York, NY 10012

Featured Speakers

Steven Deeks, MD

Professor of Medicine

University of California, San Francisco

Carl Dieffenbach, PhD

Director of Division of AIDS

National Institutes of Health

Jeffrey Lifson, MD

Director of AIDS and Cancer Virus Program

National Institutes of Health

Pablo Tebas, MD

Professor of Medicine

University of Pennsylvania

This full day symposium will focus on progress being made in HIV cure research. It will highlight (1) research to improve stem cell transplants; (2) gene editing technology; (3) advances in immune modulators and latency reversing agents; (4) ethical concerns related to treatment interruption and patient risk; and (5) policy barriers.

This symposium is restricted to New York State clinical providers, such as physicians, physician assistants, nurse practitioners, dentists, and pharmacists. Space will be limited!

Registration is required by Monday, June 13 at 5:00pm
