Our Beauty Sleep duo both contain exotic organic ylang ylang to create a dreamy aromatherapy

Ylang Ylang

 Origin: Madagascar

Fabulously fragrant ylang ylang flowers are highly prized by perfumers and aromatherapists for their sweet, strongly exotic and deeply relaxing fragrance. We pay a fair price and community bonus for our ylang ylang, hand-picked in the Ambanja region and distilled in copper stills for the finest fragrance quality.

Madame Bouray carefully picks our fragrant organic ylang ylang.
