Z-LINK™

Achieve greater efficiencies with Z-LINK™. Z-LINK™ is Zetta's own remote connectivity tool that allows instant access to your CT, MRI and PET/CT equipment. Our proactive approach allows us to quickly resolve many system errors and issues without the need of onsite service. This can be especially beneficial if your site is in a remote location.

Z-LINK™ 24x7 connectivity allows us to:

- Examine and Diagnose Network Configurations
- View and Analyze Image Artifacts
- View Error Logs and Analyze Data
- Run Diagnostics
- Remote Fix
- System Configuration Changes
- Add and Remove MRI Coils from your Coil List

Magnet Monitoring Including:

- Helium Levels
- Magnet Pressure
- Coldhead Efficiency
- Chiller Temperature
- Shield Temperature
- Water flow
- Water Temperature

Z-LINK™ is HIPAA Compliant with strong passwords, SSL & 256-bit Rijndael AES encryption and provides the highest security level on all remote connectivity sessions from login to logout.

Equipment

As your project partner, Zetta Medical Technologies offers an extensive selection of carefully selected and fully tested pre-owned CT, MRI and PET/CT equipment. Whether you need a fixed or a mobile system, Zetta will assist with your hospital or imaging center projects from start to finish, including: system acquisition, site planning, installation and applications training from A to Z!

- Delivery
- Installation
- Trade-Ins (including existing equipment removal)
- Applications Training

Parts

From our extensive parts inventory to our parts repair center, Zetta Medical provides exceptional workmanship with cost saving solutions. Our parts are not just bench tested; they are system tested as well. Parts are sold outright and/or on exchange basis.
