Webinar now available On-Demand:

Fast Track that Dec Page!

When it comes to submitting an application, endorsement, or cancellation, you want a quick transaction response. Sending the NFIP required underwriting document to support your transaction will ensure a speedy outcome that serves your business best!

If you did not have an opportunity to attend the Live Wright Flood webinar "Fast Track that Dec Page," the On Demand version is now posted on the agent portal Flood Webinar page.

The On Demand webinar will review how to identify needed documents for complete transaction packages to be processed upon initial receipt of the policy request. The presentation will also cover the most common reasons agent transactions are delayed, and explain why particular documentation is necessary.

The more you know about the NFIP required documentation, the more your transactions will land on the *Fast Track* to a completed Declarations Page!

TO REGISTER FOR AN ON DEMAND WEBINAR:

* Access the Wright Flood agent portal of www.wrightflood.com via your normal log in process

*  Find this Flood Webinar icon on the lower left of the Main screen's menu panel, and click to access the Webinar Registration Page

* The bottom half of the Flood Webinar page lists all of the On Demand webinars available for registration and immediate viewing.

Both Wright Flood Live and On Demand webinars are accredited for the Floodsmart.gov referral program. Email floodmarketing@weareflood.com for more information.
