### **ASCEF Reports Impressive Fundraising Numbers for Cars for Careers Project in Month of March**

SACRAMENTO – The Automotive Services Council Educational Foundation (ASCEF) today announced that their Cars for Careers Project, which helps fund scholarships for students pursuing a career in the automotive industry, has raised a total of \$9,600 in the first half of March.

“Our Cars for Careers Project has enjoyed overwhelming success, thanks in large part to all of the auto shop owners across California who have opened their doors to serve as vehicle donation centers, and the individuals who donate their cars,” said ASCEF Chair Mary Kemnitz. “They are a wonderful example to the young men and women who will serve as the future of the automotive industry.”

ASCEF would like to especially thank the following auto shop owners for their commitment to supporting the Cars for Careers Project: Steve Elstins, Mitsubishi San Francisco and West Coast Muffler; Rory Balmer, Twin Peaks Automotive; Jerry Kubitski, Summit Transmission; Kris Cesena, Automedics; Ryan Tunison, Autotron Service Center; and Gene Morrill, Certified Automotive Specialists. Thank you for making a difference in someone’s life, one car at a time!

Those who are interested in joining the team and becoming a Cars for Careers Donation Center are encouraged to call Mary Kemnitz at (925) 356-0683.
