

Romanian Kindergarten Conference in Bucharest

Angela Dana

A Romanian Waldorf kindergarten conference took place in Bucharest on April 18/19 at the "Rudolf Steiner House" at Nr. 17 Visinilor Street. Approximately 50 kindergarten teachers participated in the meeting. The themes included "Caring for Relationships Every Day in the Kindergarten and in the Waldorf Kindergarten Movement" (lecture and workshop with Philipp Reubke), handwork (Michaela Angheli), music (Marilena Cazan), and eurythmy (Mriana Marincea).

In addition there was an opportunity to visit Waldorf kindergartens and a Waldorf school in Bucharest.

The conference ended with Romanian folk dances as well as a General Assembly of the "Asociatia Educatoarelor Waldorf din Romania".

In Romania, early childhood educators at the beginning of their career do not earn enough to afford the rent for a two-room apartment; therefore the travel support from IASWECE for all the participants was much appreciated.

Angela Dana is Waldorf kindergarten teacher in Timisoara (Romania), member of the Board of AEWR and IASWECE Council member.
