

# NEW ENGLAND AND BEYOND ANNUAL LIFE SCIENCES PANORAMA LOOKING AHEAD 2014

THURSDAY, MARCH 13, 6:00PM @ THE GENZYME CENTER

## Special Biotech Event at the Genzyme Center

The Boston/Cambridge biotech community is doing very well! Join us to learn about new achievements, trends, and entrepreneurship experiences. Our event will provide a focused overview of biotechnology and life sciences in the past year, including NDAs from Massachusetts, collaborations, IPOs, individual entrepreneurs, and academic initiatives. We will review US life science transactions and hear viewpoints from local investors on 2014 trends. We will share perspectives for this year and beyond on Biotech in the Boston area, and hear updates from European experts on Life Sciences in France, Germany, Switzerland, & the UK.

Join this exceptional FACCNE program as we bring together some of the Boston biotech scene's top innovators, investors, and executives, who are at the forefront of what our local ecosystem will be tomorrow.
