

MONTHLY TRAINING

September 2015

Back-to-School Ready Mentoring 2.1

School is back in session and our mentees are learning new ideas while building on skills they already possess. We invite our Seedling Mentors to do the same!

The 2015-2016 Monthly Mentor Trainings promise opportunities to learn skills and best practices to strengthen your mentor/mentee relationships.

This month's training, "**Mentoring 2.1**" is designed for all our mentors as a refresher on Seedling's guiding principles.

Participants will have the opportunity to join in discussion with their fellow mentors and Mentor Directors on this important topic.
