**Typical causes [of cancer] include root canal teeth or other dental problems (most cancers), emotional trauma and/or long term stress and poor diets.**

**-Bill Henderson, author of Cancer Free**

### **Dental Problems**

“If you preserve your teeth with root canal treatments, or if you have toxic elements – for example, mercury, in your teeth, that can affect your overall health.”

-Dr. Thomas Rau, Director, Paracelsus Klinik

### **Emotional Trauma and/or long term stress**

“Good emotional balance is a key to preventing breast cancer.”

-Linda Bamber, 2007, BRAS Founder

Please contact our franchise locations for workshops on emotional balance.

Researchers at Harvard Medical School discovered that simply saying a repetitive prayer, word, sound, or phrase and disregarding intrusive thoughts can evoke the relaxation response, which can prove to be an effective therapy for the symptoms of cancer.

## Diet

Mark Wallace, D.C. – Nutritional Consultant

Dr. Wallace has been an inspiration in strategies and directions that made BRAS more than just a passion. He has helped to shape the vision. He graduated from Cleveland Chiropractic College in 1995. He works as a nutritional consultant for BRAS and is available for private consultations.

## BioMeridian

One of the main advantages of the thermogram is its ability to give warning signs years before a mammogram. If your thermogram comes back with risk factors it means you should begin to work pro-actively. Get a second opinion from the medical community. Also, seek alternative ideas, tips, and a BioMeridian breast health screening from BRAS.

### What can you learn from a BioMeridian Screening?

The BioMeridian can give you detailed information about the meridian balances in your body. Meridians were identified thousands of years ago in Chinese acupuncture and are clearly acknowledged as electrical circuits in your body.

Some factors found to be connected to breast health:

- Chemicals
- Pathogens
- Dental
- EMFs
- Low Vitamin D
- Hormones
- Diet
- Drugs
- Emotions

## Research

Cancertutor.com- “Natural cancer treatments for advanced cancer patients.”

Beating-cancer-gently.com – Bill Henderson, author of Cancer Free, has coached over 3,000 women with breast cancer.

National Association of Professional Cancer Coaches (Napcc.ca) – “The National Association of Professional Cancer Coaches will empower the potential health, strength, and wellness capacity of every individual in the prevention and recovery from cancer.”

## **AMAS Test**

Physicians around the country are recommending and administering the AMAS Test on a regular basis for patients at high risk for cancer, and for follow-up purposes on patients already diagnosed and/or treated with cancer.

A free testing kit for cancer can be ordered through their website or by calling 1-800-922-8378
