

Partnership

If:

- you have been touched by the ministry of Evangelist Randy Hooper & the CYV team
- you believe in their call and their ministry
- you want to see a Greater Faith Movement throughout the World
- you want to be a part of it

...then we invite you to become a Covenant Partner with Connecting Your Vision International.

Covenant partnership is a Bible principle. When you enter into a partnership with this ministry and you give into the spreading of the Gospel, you activate a spiritual principle of sowing, reaping, and blessing in your own life. What you make room for, will make room for you. When you make room for the anointing; the anointing makes room for you! By blessing the ministry, you make room for God to bless you and provide for you. The Lord promises us that He sees and rewards every good thing we do, motivated by a pure heart. When you become financial partner with Connecting Your Vision International, you will receive credit in heaven for the many souls saved and lives changed through CYV!

It was never God's intention for a man or woman to stand-alone. He made us a body, with many parts, and the mandate to work together and flow together to see nations shaken for the Kingdom of God. We each have our place and our function in the Body of Christ. We must have a Kingdom Builder mentality, not a Castle Builder mentality!

It is our heart's desire to see each of you walk in all that God has for you. As you partner with us, sowing into CYV, we pray that favor and blessings will come to you and your household. That means a fresh wind will blow in your life, fresh fire will come to your family, and clear direction and uncommon favor become yours, wherever you go and whatever you do.

As partners, you are vital to this ministry and we are committed to you. We love you and pray for you daily. We honor your commitment to join us and we stand in faith with you for God's anointing to work mightily in your life.

When you Sow into Connecting Your Vision, your seed travels with us Worldwide.

We invite any who are not already partners with us to join our CYV family and take advantage of the blessings and benefits of covenant partnership.
