

SCIENCE TECHNOLOGY ENGINEERING ARTS MATHEMATICS

SUMMER DAY CAMP

The Boys & Girls Clubs of the Los Angeles Harbor: San Pedro Branch's STEAM Summer Day Camp will run for 8 weeks, beginning on June 15th and ending on August 7th. Each week will feature unique programming based on a weekly and summer long theme. Our STEAM Camp will allow for our middle school aged youth to experience hands-on learning in a fun and engaging environment.

STEAM Camp is a full day summer camp available for youth ages 11 to 14 years old.

Campers will experience fun, exciting, educational activities and field trips focusing on our "Summer Brain Gain" Strategy.

Over the course of the summer, our campers will explore scientific principles, develop their technology skills, be introduced to engineering activities, become proficient on a musical instrument, and practice their mathematic skills.

WEEK 1:

JUNIOR IMAGINEERS

STARTING JUNE 15TH

The official STEAM Camp welcome week will allow our campers to use their imagination to take on them on the ride of their dreams. During this week, campers will design rollercoasters as an introduction to physics.

WEEK 2:

SPACE EXPLORES

STARTING JUNE 22ND

Rockets, moon landers, and Martian rovers, OH MY! Are you ready to learn about the principles of rocket science and astronomy?

WEEK 3:

UNDERWATER ADVENTURES

STARTING JUNE 29TH

Let's prepare our flippers and snorkels to wade into the local tide pools. Once we're done, we can board our submarine to explore the deepest levels of the seven seas.

WEEK 4:

TECHNOLOGY TITANS

STARTING JULY 6TH

Can you build the strongest, quickest and most advanced robot? Each team of campers will design robots and compete against each other.

WEEK 5:

CONSTRUCTING OUR FUTURE

STARTING JULY 13TH

Campers will learn to use the tools of civil engineering, drafting and construction trades. As we venture further into the summer, campers will begin to build lasting structures for the Club and community.

WEEK 6:

ARTISTIC EXPERIMENTS

STARTING JULY 20TH

As we prepare for the closing weeks of our summer, campers will visit local art galleries, design studios, and musical attractions to garner inspiration for their own showcase.

WEEK 7:

WILD INVENTIONS

STARTING JULY 27TH

Pull all of the scientific and mathematic principles that you've learned together to create an invention to help solve a world issue, a cellphone application to ease the stresses of the day, or a 3D Print to support an industry need.

WEEK 8:

THE SHOWCASE

STARTING AUGUST 3RD

We'll be opening our doors to the public and showcasing our campers' summer experiments, artistic abilities, as well as, their creations.

**WEEKLY FIELD TRIPS TO
Los Angeles Area Museums
EVERY FRIDAY
Field Trip to Averill Park**

**BREAKFAST, LUNCH, AND SNACK
SERVED DAILY!**

CAMP FEES

Camp Fee Per Week.....\$60.00

Camp T-Shirt (required).....\$10.00
