

D. N. HYLAN & ASSOCIATES, INC.
BOATBUILDERS

The fine print

We think SELKIE could be a popular boat and we want to be able to show off hull #1 once she's built. Therefore, in order for you to receive the free maintenance and delivery we have a couple requirements:

-The owner of SELKIE hull #1 must make the boat available to DNH & Assoc for 3 boat shows within a year from her launch date to receive the free storage and maintenance and free delivery. Free or reduced storage, maintenance and delivery may be available in subsequent years if the owner continues to make SELKIE available to us for boat shows.

-The owner of SELKIE hull #1 must purchase the "launch ramp trailer" option to be eligible for the free storage and maintenance and free delivery. The trailer is necessary for DNH & Assoc to be able to provide delivery, and for access to the boat for boat shows. The launch ramp trailer is a wise investment anyway because it will enable you to haul and launch the boat without the considerable expense of hiring a travel-lift or hydraulic trailer. We will sell the trailer to you at our cost.

-Free delivery service is limited to a range of 400 miles from Brooklin Maine. Time and mileage required to deliver, launch, and haul the boat outside of this range will be billed to the customer.

-We will do our best to deliver SELKIE when you would like but we cannot realistically commit to spring delivery before June 1st.

Sincerely,

Ellery R. Brown
