County of Santa Clara
Community Meeting

Proposed Seasonal Cold Weather Shelter Facility at County-Owned Property Located at 999 Hamlin Court, Sunnyvale

The County has been seeking a replacement temporary winter shelter site in North County for several years due to the redevelopment of its former shelter site. Now, the County is determining whether the County-owned building at 999 Hamlin Court in Sunnyvale can be used as the permanent site of the North County winter shelter. The goal of the program would be to respond to the basic needs of homeless individuals and families from the end of November to the end of March on an annual basis.

This Cold Weather Shelter Program will provide overnight shelter and meals along with restrooms and shower facilities on a nightly basis during the winter months. Participants will have to leave at a designated time each morning.

The proposed facility would have capacity to provide shelter for 100 individuals nightly with an expanded capacity of 25 beds during declared Inclement Weather Episodes. The program would be operated by a local non-profit agency. Staffing would include outreach workers, maintenance staff, security personnel and volunteers from the community.

The County administration invites you to attend one of the community meetings on **Monday, June 13th** to learn more about the proposed facility and provide input, which will help our presentation to the Board of Supervisors on June 21st. For additional information about this, please contact Bob Dolci, Housing and Homeless Concerns Coordinator, at robert.dolci@hhs.sccgov.org or (408) 793-0566.

Community Meeting
Date: Monday, June 13, 2016
