

The Living Harvest

Recovery ~ Reentry ~ Restoration

When someone is sentenced to prison, they do not disappear forever. More than 90 percent of people sentenced to prison return home one day. In Florida alone, over 30,000 people will be released from state prisons in 2016. Here in the Big Bend region, more than 1,600 people will return home this year and 2,200 are due to be released and return home next year.

How we as citizens treat those who reenter our community after serving a prison sentence impacts our crime rate more than any other factor.

Burdened with a criminal record, formerly incarcerated individuals must clear very high hurdles just to meet basic needs. That criminal record goes everywhere with them. According to the Wall Street Journal, one out of every three Americans has an arrest record.

The Mission of The Living Harvest is preparing those who have paid their debt to society to return home successfully and to reenter our community safely, reuniting them with their families and showing them how to lead purposeful lives. We are a 12 Step Christ-Centered 501(c)3 nonprofit organization that supports those struggling with life's hurts, hang ups, habits and addictions.

We provide the resources, support and services needed to help those we serve to rebuild their lives, reunite with their families and lead law abiding purpose driven lives.

We need your support to provide these resources. Please consider joining us today and make a difference in our community and in the lives of our neighbors.
