WHAT IS A COMMUNITY AMBASSADOR?

A Future. Not A Past. Community Ambassadors are community members who volunteer their time to raise awareness regarding the prostitution of children and keeping their friends and family informed! Learn how to use YOUR voice to raise awareness in YOUR community! Become an official *A Future. Not A Past.* Community Ambassador by attending a one-time 3 hour training session where you will be educated on the commercial sexual exploitation of children here in Georgia and the demand for those children, as well as learning the red flags to look for and services available for any child in need of help, or how to report this crime to law enforcement.

Community Ambassador roles include, but are not limited to, the following:

- Host an awareness presentation in your community. AFNAP will help prepare material for your group and attend as a speaker (if schedule permits)
- Host quarterly "Action Groups" with your own circle to keep others informed of the most recent news regarding stopping the prostitution of children
- Simply participate in your area's "Action Group" to stay informed
- Join AFNAP's legislative efforts by contacting your legislators in support of legislation that protects children and provides needed services

Spreading the word anywhere you can regarding victims and the buyers and sellers who seek to exploit our children is critical to educating our communities and stopping the prostitution of Georgia's children. Email info@youth-spark.org for more information and details!
