

DIY Sport Mason Jars

What you will need:

- 2 pint size mason jars - Use Ball brand because these are sport themed.
- 1 mason jar frog lid insert
- Krylon Chalky Finish spray paint in Orange Classic, White, and Dark Brown.
- Red and white craft paint
- Fine tip pain brush
- [Black Sharpie Marker](#)
- Paint brush or sponge brush
- Sand paper- any grain will work
- Twine rope

Decorate your Jars

1. Apply acrylic based paint or old wall paint

Use a paint brush or sponge brush. Do multiple coats if necessary.

To make the Ball logo more apparent, let the paint dry then gently buff the letters using your sandpaper.

2. Create your design

– *Basketball*: You can use a black sharpie to make the design or use the black craft paint.

– *Baseball and Softball*: use a sharpie marker to line the stitches and illustrate the holes. Then, with the red acrylic paint, use a small detail brush to paint the stitches. Using the holes and line as your guide, make stitches that form a wide V

– *Football*: Using white acrylic paint, with a small detail brush, paint the lines and stitches.
