“Five-star accommodations, while attending summer solstice in New Mexico! I love staying at the beautiful Origin at Rancho de San Juan guest resort in Ojo Caliente. It is only a 10 minute drive to the beginning of the dirt road, up to Guru Ram Das and was so lovely to wake up in the morning and hike to the caves to watch the sunrise. I then enjoyed a delicious breakfast I prepared in the communal commercial kitchen, before heading up to the camp for the day. It was wonderful to have the packed “tantra burger upgrades” to go along with my lunch, and made the meal so much more palatable and enjoyable- thanks Jill for the delicious hummus avocado greens and fruit that I was able to take along with drinks and other snacks. As soon as the practice was over, I would head back down to the resort, watch the sunset over the beautiful mountains and enjoy a delicious dinner before taking a nice warm shower and relaxing in my comfortable, luxurious bed! The only way to do summer solstice in New Mexico!”
