President's Message

On June 27th, I had the privilege of participating in an event for the first time: The Relay for Life walkathon. Although 4SW had participated in this program before, I had an opportunity to attend this year. As I entered Ladera Park, I was excited to meet with all of the organizations there, work at our booth, and get my walk on! It was a great community event which lasted 24 hours, all in the name of fighting against cancer. I would like to thank all of the people who walked on behalf of 4SW. I would also like to thank the group who made our booth extra special: Brendell Stewart, Joe Vinson, Jamic Hamlin, and especially Ta Ronce Allen who designed a quiz contest with samples of real cancer cells!

You ask "Why does 4SW participate in these events?" The answer is simple! We pride ourselves in giving back to the community, which is what volunteers do. Volunteering is one of the healthiest things that you can do to enrich your life. It gives you a sense of well-being and accomplishment, which is healthy for the soul. It also enriches the lives of others when a stranger provides for them without provocation. Volunteering is also one of the reasons that 4SW's leadership works so well! Our dedicated board of directors provides their skills, expertise, and time to make things work for the organization. One thing is certain, we can't do it alone! We still need those of you who want to enrich your lives to the fullest!

Let us help you fulfill your life. We have the rest of the summer to have some fun! Volunteer to help with the kids at the beach party. Help us at Camp and Ride, because we always need someone with some cooking skills! Do you know your social media? We need tweeters, Instagramers, etc. Want to learn how to run a trip? I got you! If you have a skill that you want to provide, then let me know and I will find a spot for you. After all, it takes teamwork to make a dream work!

Have a great summer,

Jane
