

7th Classic Yacht Symposium™

May 20, 21, 22, 2016

At the Herreshoff Marine Museum, Bristol, RI

Exploring the Breadth & Boundaries of Classic Yachts

A Collaborative Event to Enhance Understanding, Appreciation and Exploration of
New Ideas on all Aspects of Classic Yachts

SAVE THE DATE AND CALL FOR PAPERS

Invitation to the Worldwide Classic Yacht Community

Designers, builders, restorers, preservers, owners, sailors, students and dreamers of future projects are invited to submit a paper on a subject relative to excellence in classic yacht design, maintenance, restoration, replication, and performance.

Topics of Interest

- Trends in classic yachts. What makes a classic? Boundaries of classics & the spirit of traditions.
- Classic yacht history, design; analytical & test basis for the designs; comparisons to current practice & technology
- Classic yacht restoration/replication & use; both power and sail
 - Perspectives on elements of a successful project
 - Implementation- research, scope, purpose, techniques, lessons-learned
 - Details and features- hull, rig, powering, fittings & outfit, rating rules
 - International experience in rebuilding classic racing fleets
- Adaptation of classic designs to modern materials
- Herreshoff Centennial Yachts- Herreshoff designs celebrating 100 years
 - Fish Class
 - Schooner MARIETTE
 - New York 40 Class

A Special invitation:

- *Student Paper Prize*
- *Owners, builders, restorers and observers of the Herreshoff Centennial Yachts provide your comments and experiences in a short paper format*
