

HELP GIVE ALL STUDENTS THE OPPORTUNITY TO SHOW WHAT THEY KNOW AND CAN DO.

Quality Performance Assessment (QPA) provides a flexible framework and set of tools that empower educators to examine the intersections of teaching, learning, and assessment. Performance assessments enable students to engage in real world topics and issues, and demonstrate their knowledge in multiple ways in order to prepare them for future success.

Quality Performance Assessment Summer Institute 2015

July 13-16, 2015

Simmons College, Boston, MA

During the four day conference, teachers, administrators and district professionals will engage collaboratively to:

- ▶ Design performance tasks and rubrics
- ▶ Facilitate the assessment validation process
- ▶ Analyze student work through scoring calibration
- ▶ Align instruction to the performance assessment
- ▶ Plan to bring QPA knowledge into their schools

To register, visit www.qualityperformanceassessment.org

Registration deadline is Friday, June 19
