Mid-Atlantic Pathwork® invites you to another  
weekend in the series  
Sacred Dimensions of the Pathwork®

# Traveling Light

## Resting in the Heart of Silence

With Erena Bramos and  
guest teacher Donovan Thesenga

**B**eyond the healing of childhood wounds and the misconceptions and images about life which result from them, the Guide's teachings invite us to question all attachment to seeking understanding of who we are; drop deeper into alignment with Awareness... the deep "nucleus of 'knowing' the power of Presence, our true nature.

In this gathering, supported by the teachings in lectures #200 - The Cosmic Feeling, #82 - The Conquest of Duality Symbolized in the Life and Death of Jesus, and #254 - Surrender, we will continue exploring together the journey to "opening an inner ear with which we will eventually hear; an inner eye with which we will see; an inner power with which we will perceive" and thus surrender to the Silence that is Taste of Oneness with Reality.

We will be delighted to have you with us.
