

FOOTHILLS COMMUNITY CHURCH | LIFE NOTES

MACRO/MICRO: WEEK 2

SYNOPSIS OF SERIES

God is glorious! One of the ways that we can rekindle our awareness of His majesty is by reflecting on the wonder of His Creation. God has given us two books: the Bible (special revelation) and Nature (general revelation). Both point to His great power and worth.

GETTING STARTED

What science classes did you take in High School? How did you feel about having to take them? Was it a positive or a negative experience?

What illustration or truth most impressed you from the sermon this past Sunday?

DIGGING DEEPER

Read Romans 11:33-36

Oh, the depth of the riches of the wisdom and knowledge of God! How unsearchable his judgments, and his paths beyond tracing out! "Who has known the mind of the Lord? Or who has been his counselor?" "Who has ever given to God, that God should repay them?" For from him and through him and for him are all things. To him be the glory forever! Amen

- What do these verses tell us about the wisdom and knowledge of God?
- Based on this text, can your group come up with a list of ten or more adjectives to describe God's wisdom and knowledge?
- Why do you think God created the universe?

Read Colossians 1:15-17

The Son is the image of the invisible God, the firstborn over all creation. For in him all things were created: things in heaven and on earth, visible and invisible, whether thrones or powers or rulers or authorities; all things have been created through him and for him. He is before all things, and in him all things hold together.

- What was the role of 'the Son' in Creation?
- How can it be said that 'in him, all things hold together'?

Prayer

Spend some time praising God for the beauty and artistry of His Creation

DON'T FORGET SUNDAY'S POTLUCK!

BEGIN PRAYING ABOUT WHO YOU'RE GOING TO INVITE TO THE EASTER SERVICES
