<p>Child Nutrition meal applications are now available on the website; the online application will replace the paper application. Meal applications must be completed every year, even if your student was approved last year. Remember you only have to complete one application for your entire family. Parents can complete the application before the school year begins. Upon receipt of the application, child nutrition has 10 days to process and provide notification on the approval/denial of meal benefits. If you have any questions about the online meal application or your student's lunch account, call Child Nutrition at 469-952-5400 ext. 2071.</p>
