

# Community Based Organization Summit Events 2016

***Do you represent a Community Based Organization on Long Island?***

***We are looking for you!***

Participate during one of our upcoming Summit Events to provide your expert opinion on what problems are vital to the persons and communities you serve.

Data collected during this event will support Hospital and County Community Health Assessments.

Collaborate with your County Departments of Health and Local Hospitals to plan a strategy to improve the health of our communities.
