The Chester Land Trust Mission ~

The Chester Land Trust is a non-profit organization which exists to conserve and preserve our town's fragile and unique environment. Being within the Connecticut River Valley, our charge is not only conserving land, but also our impact on the Connecticut River. We are stewards of several Chester properties. The Land Trust acquires open space by either gift or purchase in order to promote our environment and preserve the character of our town. It is through these efforts that we can provide to our community the recreational and educational opportunities for today's citizens as well as those to come. For more information, please visit us on line: [CLT@chesterlandtrust.org](mailto:CLT@chesterlandtrust.org) or phone: Dick Harrall 860.526.5920.
