

# Fashion Week I

July 11-15, 2016

Mornings are spent working with a professional illustrator learning to draw the fashion silhouette as live models pose for your sketches. End the week of illustration with a portfolio ready piece.

Afternoons are spent with professional seamstresses learning to read, pin and cut a pattern of your choice. Construct and finish your garment by sewing and adding accessories.

Professional hair and makeup stylists help prepare you for the end of the week photo shoot and fashion show. Model your creations for friends and family!

# Fashion Week II

July 18-22, 2016

Fashion II focuses on studying two professional designers and the details and silhouettes of their signature designs. This summer, study fashion designers Gianni Versace and Jeanne Paquin!

Use the influences of Versace and Paquin to apply *your* stylistic spin during morning fashion sketching sessions. The week ends with a portfolio-ready piece.

Sew and add embellishments in the afternoons to complete your design à la Versace or Paquin!

Fashion II ends with a photo shoot, hair and makeup styling sessions. Walk the

runway for the week's finale!
