HEALTH  
SYSTEMS

Mental Health Systems is proud to present Contra Costa County's first Assisted Outpatient Treatment program: the Contra Costa ACTiOn Team! A collaborative project with Contra Costa County's Behavioral Health Services, the ACTiOn Team will provide outreach, engagement and support to those consumers who are appropriate for AB 1421, also known as "Laura's Law."

Composed of a multi-disciplinary staff, the ACTiOn Team supports consumers through an Assertive Community Treatment (ACT) model, where needs such as housing, vocational rehabilitation, medication management, mental, physical and behavioral health and a host of independent living and relational skills are addressed through compassionate, consistent and client-centered care. Whether consumers come to us through court order (AOT) or voluntarily agree to participation, the goal of this program is to help individuals develop Team-driven relationships that will provide support, encouragement and hope for a better tomorrow. The program's "Whatever It Takes" philosophy is demonstrated through 24/7 support, field-based service and a respect for the dignity, strengths and unique perspectives of each individual.

*Mental Health Systems  
is a non-profit agency  
founded in 1978  
to improve the lives of  
individuals, families and  
communities facing  
substance abuse and  
behavioral health challenges.*
