

Student Association for Fire Ecology

Wiki-thon

AT the 6th International Fire Ecology and Management Congress: Advancing Ecology in Management

Monday 11/16/15 from 12 p.m. – 2 p.m. in the Blue Bonnet Room

Come join members of the SAFE organization to help spread accurate knowledge to the popular public database Wikipedia!

Choose a topic with members from your school (first come first serve)

Topics include:

Wildfire
Fire Regime
Encroachment
Salvage Logging
Controlled (Prescribed) Burning
Flammability (Plants)
Ecological Resilience (Fire)

And for those brave souls who would like a bigger challenge create a page on the following or something else you would like everyday people to be able to learn about

Managed Wildland Fire
Fire Metrics
SAFE
Association for Fire Ecology

Once you have your topic do appropriate research and show up to the event with citations in hand.

Updates will start at 12:15 p.m. and continue for 30 minutes. After some review and a short break you will present your updates to the room at 1:45 p.m.

What you need to bring:

Laptop or tablet (at least one per group)
Citations
Flash drive

Please contact Colin W Campbell with the school you are from and what topic you would like to work on. Send questions or comments to Colin at: cwc141@humboldt.edu or Call/Text (209)-401-8606
