

KPI-JCI and Astec Mobile Screens is a worldwide leader in manufacturing equipment for the aggregate, construction, paving and recycling industries. As an innovative, high-integrity American manufacturer, KPI-JCI and Astec Mobile Screens develops quality, state-of-the-art products and has the ability to engineer custom products because of its highly-qualified engineering staff. The company designs, manufactures and markets full lines of crushing, screen, material handling, washing and classifying, portable and mobile plant equipment. Quality solutions for all aggregate and recycling needs delivered through an unmatched resource of knowledge and experience, innovative products and systems, and a world-class support system, all exemplify a lifetime of value for the customer.

For more than 75 years, KPI-JCI and Astec Mobile Screens and its dedicated dealer network have been recognized within the aggregate and recycling industries as suppliers of dependable equipment and experienced application-oriented support. Known for industry-leading brands such as the Vanguard Jaw Crusher, Kodiak® Plus Cone Crusher, SuperStacker®, ProSizer, Fast Trax, Global Track and the FastPack system, KPI-JCI and Astec Mobile Screens strongly values product line diversification and is committed to providing complete aggregate solutions. The team at KPI-JCI and Astec Mobile Screens is dedicated to more than just manufacturing the industry's best crushing, screening and washing equipment- it is also devoted to improving the overall effectiveness and strength of operations through service, support and training. The company's customer support teams provide service before, during and, most importantly, after the sale, ensuring equipment stays up and running with genuine and PDQ parts and industry-leading service.
