

# Health & Wellness

AUG/SEPT

## Meet Our Team/Take a Tour

North Country HealthCare's School Based Health Services team invites you to stop by the mobile medical unit at any of our service locations to meet them and tour the big orange bus!

## Well Child Exams

A head to toe health exam may find and treat health problems before they become serious. It also allows parents and children/teens to ask questions about health and safety. Please ensure a yearly well child exam for your student(s). Well child exams are offered on the Mobile Medical Unit. Call to schedule an appointment with one of our medical providers.

## Sports Physicals

North Country HealthCare always roots for the home team and we support our young athletes. Get your all-star guy or gal ready for the new school year by making an appointment today!

## Service Locations

Sinagua Middle School • Mondays  
Coconino & Ponderosa High Schools • Tuesdays
