The Rothschild Connection (part eight)

THE FORMATION OF COMMUNISM & NAZISM

1848 Karl Marx, an Ashkenazi Jew, publishes, "***The Communist Manifesto***." Interestingly, at the same time as he is working on this, Karl Ritter of Frankfurt University was writing the antithesis, which would form the basis for Freidrich Wilhelm Nietzsche's, "*Nietzscheanism*." This Nietzscheanism was later developed into Fascism, and then into Nazism, and was used to start the first and second world wars.

Special Note: Socialism (Communism) is capitalism at its truest definition – only the capitalists are of the selected few of the Illuminate. Communism uses the people as slaves to accomplish the core investor's greatest objective – wealth. British Prime Minister William Gladstone once said this about capitalistic money:

"From the time I took office as Chancellor of the Exchequer, I began to learn that the State held, in the face of the Bank and the City, an essentially false position as to finance. The Government itself was not to be a substantive power, but was to leave the Money Power supreme and unquestioned."

Capitalism in the West is self-selected profiteers.

Marx, Ritter, and Nietzsche were all funded and under the instruction of the Rothschilds. The idea was that those who direct the overall conspiracy could use the differences in those two so-called ideologies to enable them to divide larger and larger factions of the human race into opposing camps, so that they could be armed and then brainwashed into fighting and destroying each other. Particularly, to destroy all political and religious institutions...the same plan put forward by Illuminate founder Weishaupt in 1776.

1849 Gutle Schnaper (Mayer Amschel Rothschild's wife) dies. Before her death, she would nonchalantly state,

"If my sons did not want wars, there would be none."

1850 This decade, construction begins on the manor houses of Mentmore (in England) and Ferrières (in France). More Rothschilds' manors will follow throughout the world, all of them filled with works of art.

Jacob (James) Rothschild in France is said to be worth 600 million francs, which at the time was 150 million francs more than all the other bankers in France put together.

- 1852** N.M. Rothschild & Sons begins refining gold and silver for the Royal Mint and the Bank of England, and other international customers.
- 1853** Nathaniel de Rothschild, the son-in-law of Jacob (James) Mayer Rothschild, purchases Château Brane Mouton (the Bordeaux vineyard of Mouton) and renames it Château Mouton Rothschild.
- 1856** On May 6th, Ashkenazi Jew, psychoanalyst, Sigmund Freud is born. Under direct influence of the Rothschild agenda, Freud would go on to attack Western morality, criticizing what he considered Western man's neurotic emphasis on sex (which he insisted should be replaced with Jewish values of promiscuity). Interestingly, he promoted the ideas of incest and pedophilia as "normal" - something also permitted by the Ashkenazi Jews' most holy book, the *Talmud*. Freud went on to start a movement that would remove the spiritual and mental care of humanity from the Christian Church and put it in the hands of workers in the field of "Psychology" and the drug-controlled world of "Psychiatry." His negative impact on the church is considered to be the most damaging of all cultural shifts that occurred in history - spiritually, psychologically, educationally, medically, and occupationally. Due to this man's influence, the standard in the world of people-helping is by degree and certification only. All church workers began to use the term "lay-counselor" after 1960. Well done, Sigmund!
- 1858** Lionel De Rothschild finally takes his seat in parliament, when the requirement of taking an oath in the true faith of Christianity is broadened to include other oaths. He becomes the first Jewish member of the British parliament. It was through this man's power and "arm twisting" that put the United Kingdom in full subjection to the Rothschild's agenda, which included control of the parliament. Lord Harrington once said:

"They are the great moneylenders and loan contractors of the world... The consequence is that the nations of the world are groaning under heavy systems of taxation and national debt. They have ever been the greatest enemies of freedom."
