

Condors Educational Programs

Helping Your Students Go for the Goal!

The Bakersfield Condors have two incentive programs to reward local area students during the 2011-2012 school year. Each program gives students the opportunity to earn **FREE** tickets to a select Condors game. Due to the large number of schools involved, we can only accommodate your school for **ONE** of the following programs. Please fax this sheet back to the Condors office at (661) 324-6929, Attn: Community Relations Department

- We would like Condors players and/or mascots to attend a school assembly and encourage students to meet the criteria set to participate in one of the programs and attend a Condors game.
- We would like more information about how the Condors can help us raise money for school activities.
