

DENVER Treecycle 2016

JANUARY 4 – 15

RECYCLING YOUR CHRISTMAS TREE IS AS EASY AS 1, 2, 3!

1

Remove all decorations, lights, and the tree stand. Natural (real) trees only! **NO** artificial or flocked trees.

2

Set your tree out for collection during the two week Treecycle collection period (January 4th to 15th). Trees are collected by tree-only collection trucks during this period.

3

Reclaim free mulch made from your tree at the Annual Mulch Giveaway & Compost Sale in the spring!

Your Treecycle set out instructions depend on your regular trash service type.

- **Manual & Cart Service Customers:** Trees are collected on your regular trash collection day during the week of January 4th or the week of January 11th. Set trees out by 7 a.m. near your normal trash set out location.
- **Dumpster Service Customers:** Set trees out on your side of the alley by 7 a.m. on Monday, January 4th or Monday, January 11th and the trees will be removed during that week.

Do **not** place trees in carts or dumpsters, and remember to set trees at least 2 feet away from trash or recycling containers, cars, and other obstacles.

Treecycle is for Denver residents only.

Treecycle

Printed on 100% post-consumer recycled paper
