

Hello University Park community! It is an honor to be a member of the University Park family and I look forward to building relationships with all of you. I have been teaching in Denver Public Schools since 1995 and have taught many grade levels including kindergarten, third, fourth and fifth grades. I am coming to University Park from Bradley International where I have been a fifth grade teacher for the past eight years. I am so thrilled to have the opportunity to work with first graders next year! Returning to the primary grade levels has been a goal of mine for some time.

I am a graduate of the University of Colorado at Denver, where I earned a BA in psychology. I received my teaching credentials and MA in Curriculum and Instruction at the University of Colorado at Denver as well.

My husband and I live in Centennial with our two teenage children. My son is a seventh grader at Rocky Mountain School of Expeditionary Learning and my daughter is a sophomore at Arapahoe High School. My husband and I are Colorado natives and our family enjoys spending time in Colorado's beautiful mountains as much as possible.

I am so grateful for the opportunity to be a part of the University Park faculty and I look forward to the upcoming school year.
