

Mission: To work with communities to end world hunger and poverty, and to care for the Earth.

Mid-Missouri

What Can We do for You?

Mid-Missouri is blessed to have many generous donors and organizations that contribute to Heifer International's cause of providing people with the resources to emerge from cyclical poverty. Here is a list of some of the services or supplies we can give you!

- We have a wooden milk-able goat and cow that are wonderful displays to engage children! If you know of an event that would like to borrow one to promote Heifer within their organization, let us know!
- There is an interactive world map activity that is a great resource for middle and high school students to learn about food and product consumption around the world. While going through the activity, students begin an intellectual conversation about the problems and solutions to consumption differences around the world.
- The Read to Feed program is a nationwide program organized by Heifer International to both encourage students to read and raise money through sponsorships for the amount of books read. Money raised is then donated to Heifer International. There is more information and resources about this at:
<http://www.heifer.org/readtofeed/index.html?msource=FERFG120001>
- We also have many Heifer International Brochures and gift catalogs to share!

Carpentry for a Cause

Lloyd Viehland, a Heifer International Mid-Missouri volunteer, was recently interviewed by the Columbia Tribune about his creativity in making a milkable goat and cow as a display for local Heifer events. If you would like to read the article, please search the title of the article "Milk Man: Craftsman Builds a Cow for a Cause" on the internet! We greatly appreciate Lloyd's work and dedication to Heifer over the past years!
