ANNUAL QUILT SHOW

February 26, 2015

Dear Eastern Association Churches,

The members of St. Paul's UCC invite you and your quilting friends to the Annual Missouri Mid-South Eastern Association Quilt Show on Saturday April 18, 2015. We invite you to bring any quilts you would like to share. As in past years, everyone is asked to bring finger food to share for our luncheon. Drinks and tableware will be provided.

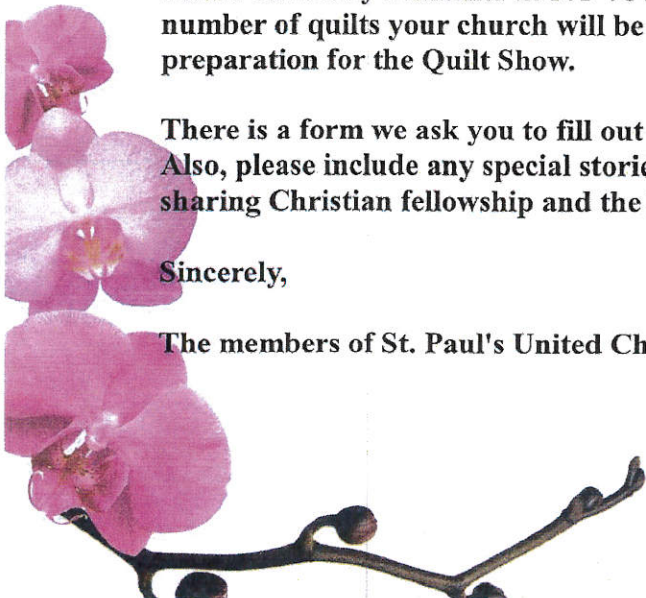

St. Paul's is located at 5th and Main Streets in Gerald, Missouri. On Highway 50 turn south at the blinking light go 2 blocks. Brick church with green roof. Parking lot is below the educational building. Come in to the lower level of the church between the buildings.

Please call Betty Steineker at 573-764-2285, or e-mail St. Paul's spucc@fidnet.com with the number of quilts your church will be bringing and number of attendees. This will help us in our preparation for the Quilt Show.

There is a form we ask you to fill out for each quilt. Feel free to make as many copies as you need. Also, please include any special stories about your quilt to display. We are looking forward to sharing Christian fellowship and the love of quilting with everyone on Saturday, April 18, 2015.

Sincerely,

The members of St. Paul's United Church of Christ

Dr. John Oldani

"Dr. Jack"

Trainer Author Professor

Dr. John L. Oldani—Dr. Jack to his students, has more than 25 years experience in many levels of organizational development. He is a certified Master Trainer in many programs. Dr. Oldani has a Ph.D. and an A.B. (Magna cum Laude) from Saint Louis University.

YOU DID WHAT IN THE DITCH?

In the history of the American woman, arguably, the iconic symbol is the quilt. There has been significant research in the history of the quilt and how it was used in American culture. Using the methodology of the folklorist, which he is, did extensive fieldwork with quilters. Through questionnaires, dozens of interviews, serving as a judge at quilt shows, producing quilt shows, and most importantly, establishing a research archive for scholars and collectors to investigate the lore of the American quilter. It was very clear to Dr. Oldani how passionate women were in their dedication to quilting and never forgetting their fore mothers who preserved as they quilted.
