Our History

Neighborhood Medical Center, a non-profit 501(c)(3) organization, was founded in 1974. When first starting up, NMC provided services in the basement of a Presbyterian Church and was started to provide healthcare to persons who could not otherwise afford healthcare. The clinic later moved to the Foote-Hilmyer Building on FAMU's campus and later moved to the Lincoln Center in Frenchtown. In 2012, Neighborhood Medical Center won a marketing contest with local advertising firm Bow Stern, which provided NMC with \$100,000.00 in marketing and advertising services. This award allowed the organization to re-brand itself and present to the community as Neighborhood Medical Center- "Your Medical Safety Net." In 2014, NMC became a Federally Qualified Health Center (FQHC), which increases NMC's capacity to provide service to patients who are uninsured, underinsured, or chronically homeless.

OUR MISSION

The mission of Neighborhood Medical Center is to serve those in need by providing and facilitating access to care and by enhancing the health of individuals through education, prevention and outreach. At Neighborhood Medical Center, we are committed to serving our patients with respect and compassion.
