PROGRAM

The Maryland Office of Health Care Quality in partnership with The Beacon Institute presents a Plans of Correction for Assisted Living providers seminar. The seminar will include review of the survey process and how plans of correction fit in to the larger process, what happens when plans are - or are not - accepted, and how State surveyors evaluate the acceptability of Plans of Correction.

The workshops will provide a comprehensive overview of how to structure and develop effective plans that meet the minimum standards and will also include hands on exercises evaluating examples of plans that would be considered acceptable and plans that would not.
