 Greenville Floral
 Any Altrusan

This 1925 sq. ft. barn/condominium occupied by the Pryor family is a 2 story/3 bedroom/2 bath home with Galvalume roof & walls trimmed with black. The attached shop to the house makes for a great "Man Cave". The rustic décor, golden wheat stained concrete, earth tones and porches makes this the perfect little country home.

THE PRYOR HOME

THE HELLER HOME

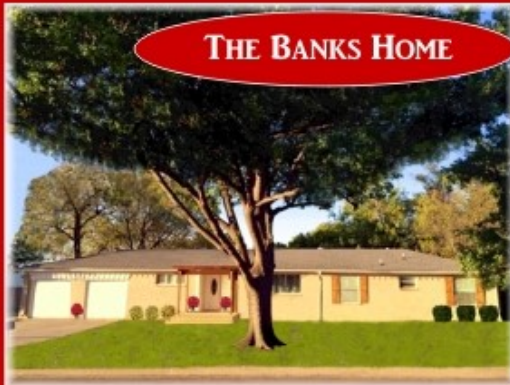

The Heller home was built in 1913 and has gone through numerous remodeling changes. Most recently they remodeled the front porch. The living and TV rooms will be decorated with silver and white while the kitchen and dining rooms will be done in a more whimsical décor.

THE RANSOM HOME

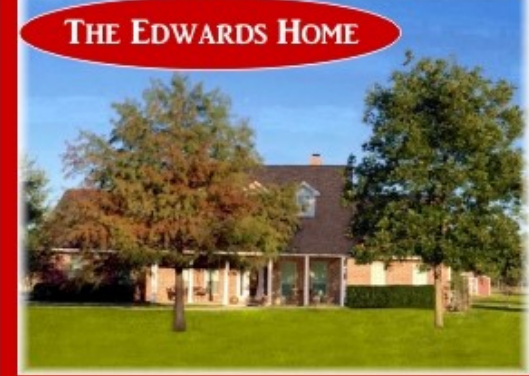

The Ransom home is a 5,500 sq ft traditional style located on three fenced acres, nestled in large trees. Wooden floors throughout the living area accent a beautiful spiral staircase visible from the entryway. This home includes many customized features and is beautifully decorated for the Holidays.

THE BANKS HOME

This beautiful home has been totally remodeled. Kevin moved back to Greenville after having been with The Walt Disney Company for 25 years. You will not want to miss the "Disney-inspired" office at this home. Keep your eye out for the wonderful Santa Claus collection and a tree filled with old world toys and even more Santa's.

THE EDWARDS HOME

The Edwards home is a 3 bedroom 2 bath tranquil country home with a cozy, comfy feel. It was recently completely remodeled inside and out. It will be decorated this Christmas to welcome guests with an elegant country flare.

THE PRATHER HOME

The Prather home was built in January 2014 and has a show stopper cross cut out window in the shower. It has a very inviting, open floor plan, large fireplace, cross wall and lots of wonderful items to see. Their dream home for making memories with families and friends became a reality.
